I KOMANG ARYA YOGA PRAMANA

Software Engineering Student

aryaprnnn@gmail.com

OBJECTIVE

I am someone who is passionate about design and programming. I enjoy learning new things and I have a strong desire to work in the field of Information Technology.

SKILLS

I have skills and experience in design, creating illustrations, and video editing. Therefore, I have used and am familiar with applications such as **Ibis Paint, CapCut, Canva, Alight Motion and PixelLab.**

EXPERIENCE

Swimming Club Leader | SMAN 1 Sukawati

March 2023 – March 2024

Led the school's swimming extracurricular activities by organizing regular training sessions, managing club members, and coordinating participation in local competitions. Improved overall team performance and fostered discipline among members.

Staff Member | Robotics Student Activity Unit

December 2024 – Present

A student organization at Bali State Polytechnic. Collaborated with team members to develop and prototype simple robots using Arduino, and contributed to technology development initiatives within the campus.

EDUCATION

Mathematics and Natural Sciences | SMAN 1 Sukawati

2021 – 2024

Graduated with a focus on science subjects such as mathematics, physics, and chemistry.

Information Technology | Bali State Polytechnic

2024 – Present

Studying Information Technology at Bali State Polytechnic, developing skills in coding, networking, and building modern web applications.
